## SOUNDS OF REVOLUTION

PROFESSIONAL SOUND DESIGN

In search of the latest and greatest sounds of tomorrow, Oliver Schmitt aka Sounds of Revolution (SOR) works hard every day to make the slogan „Quality made in Germany“ shine.

With more than 2 decades of professional sound design experience and nowadays mostly known for his high-end sample series, it's probably safe to say that numerous musicians worldwide already got the special SOR touch on their harddrives, ready to be infused into the latest dancefloor smashers. But don't you get it wrong: VST plugin cooperations, synthesizer patches and some intriguing upcoming projects are just as much worth a try!

Besides this shameless self-advertising, Sounds Of Revolution mastermind Oliver doesn't fear critical public feedback: be it press articles, interviews, reviews by the „heavyweights of music business“ or discussion platforms on the web – SOR has come a long and hard-earned way to meet your every need as a producer of electronic music, regardless of the sub-genre preferred, and keeps on working hard to become even better.
